

Complaint ID: CHA-34F0A6B9

Reported On: 28-06-2026 18:33:10

To,

The Sanitation Department

Subject: Complaint regarding Garbage Dump

Respected Sir/Madam,

I would like to bring to your attention a civic issue regarding
Garbage Dump.

Issue Description:

A massive accumulation of mixed waste is present on the roadside and sidewalk, severely overflowing from a visible garbage bin. The refuse is spilling onto the roadway, obstructing pedestrian passage and posing a potential hazard to vehicular traffic. This represents a significant public health risk due to unsanitary conditions, potential for pests, and environmental contamination. Immediate cleanup and improved waste collection services are required to address this large-scale garbage dump.

Severity Level: High

Priority Score: 90

Issue Location:

17.494353980277744, 78.37045678270432

I kindly request the concerned department to inspect the issue and take necessary action as soon as possible.

Thank you.

Sincerely,

Concerned Citizen
